How a **Gambrell Photography** session is different.

First and foremost, the Gambrell Team will discuss with you before the shoot about exactly the kinds of photos you want.

During your photo shoot, you will be amazed as Allen performs his magic. Every pose, every expression is natural; it just feels right. He knows that in order for you to *look* good when you're being photographed, you have to *feel* good first. We know how to help even the most camera-shy seniors feel great, and look their very best.

Your confidence will be boosted once you are shown a few of his creations on our screen.

This is what separates Gambrell Photography from all other studios. Some seniors think if someone has a 'good camera,' then they can take good pictures. Of course, it's not the camera that takes the pictures—only the skill, knowledge and creativity of the person behind the camera can get the shot.

That's why it's never a good idea to trust your once-in-a-lifetime portrait to a once-in-a-while photographer.

We offer a wide variety of products including gift portraits, wall portraits, galleries, graduation announcements, metal clusters, our most popular senior albums and much more. We also offer many packages and collections to meet everyone's needs. Depending on your session choices some seniors spend \$300, some spend over \$3000—but what you get is up to you!

Payments at Gambrell Photography are easy. You pay for your session when you schedule your appointment (have a credit card ready when you call). On the day of your session your minimum order is due. The amount of your minimum depends on which session you have selected. Your entire minimum order will apply towards the products you choose to order.

Why it's important to call right now.

The portraits you see here and on our website look as good as they do because we spend a lot of time during our elite sessions. Unfortunately, this limits the number of seniors we can photograph during the summer.

That's why it's important to call for your appointment right now, even if you want to have your portraits taken later in the summer. The best time slots fill up almost immediately.

But **before you call**, make sure you have looked over our session options. Also check out gambrellseniors.com for more portrait examples. Most seniors choose one of our elite sessions and many also select an add-on session to have the most variety possible.

When you call, our friendly team of experts will be glad to answer any questions you or your parents might have and schedule a convenient time for your photography.

When you reserve your appointment time, we will discuss details like what clothes to wear, what props to bring, what to do about hair, makeup, glasses, zits, even who should come with you—Gambrell Photography's got you covered!

Why not make the call right now, while it's on your mind. The most exciting and creative senior portraits await you—at Gambrell Photography!

FYI...

How many outfit changes do I get?

Our photo shoots are time based, not outfit based. So if you book a 1 ½ hour session, you get as many poses and outfits as we can fit into 1 ½ hours. So the faster you change, the more variety you get. On average, most people get about 5 clothing changes per 1 ½ hour. If you're fast, a little more, if you are slow or have an idea that takes a little time to set up, a little less. So bring lots to pick from and we will help you narrow it down. If you choose a Sporty, Designer or Fashion session, be sure to include all your activities by bringing all your gear. Don't forget the football pads, guitars, hunting gear, bats, balls, clubs, soccer stuff, gloves, books, dancing shoes, rackets, awards and lightsabers.

Have questions?
